SECUNORM 380

NO. 380005

75% of original size

Long blade extension

With a blade extension of exactly 7.8 cm, the word „long“ is somewhat an understatement. The serrations in the styropor blade make the SECUNORM 380 an expert for cutting up to 4-ply cardboard, expanding foam, foam and polystyrene sheets.

Tool-less blade change

To change the blade, simply follow the arrow. Pressing down on the small blade change activator releases the capping end of the cutter, allowing it to swing downwards, and ultimately allowing you to remove the blade carrier and the blade.

Ergonomic handle

It goes without saying, the more ergonomic the handle, the easier it is to cut. The SECUNORM 380 with its curved shape, carefully positioned soft-grip and ribbed slider, is an ergonomic dream.

Particularly robust

The core of this cutter is a particularly stable and abrasion resistant metal rail. The body of the cutter is made from a high grade plastic, capable of fulfilling high expectations.

For right and left handers

Right and left handed users alike can be charmed by the SECUNORM 380. Turn the stainless blade 180° according to your preference and to suit your needs. The eyelet at the end of the cutter is also great for whenever you want to attach your SECUNORM 380.

Our world debut. For special demands. With a serrated blade.

A long bladed safety knife? This has been a contradiction of terms for a very long time. Until now. The SECUNORM 380 is the first safety knife worldwide featuring automatic blade retraction AND a blade extension length of almost 8 cm. If you are looking for a low risk alternative to the usual fixed blade cutter, here is your answer. The SECUNORM 380 has a serrated styropor blade to effortlessly cut through special material such as polystyrene and foam.

PRODUCT FEATURES

Technical features

-  High safety
-  Safer blade change (with magnet)
-  Very abrasion resistant
-  Very ergonomic
-  Safety lock
-  Cutting depth
-  Soft-grip
-  For right and left hander
-  Lanyard hole

Main cutting materials

-  Cardboard: up to 4-ply
-  Layers of foil or paper
-  Wrapping, stretch, and shrink foil
-  Foam, polystyrene
-  Bagged goods
-  Tape

Installed blade

 **NO. 379** 0,50 mm, 109.5 mm long

Optional blade

 **NO. 79** 0,50 mm, 109.5 mm long
NO. 179 0,50 mm, 109.5 mm long, stainless
NO. 7940 0,50 mm, 71.2 mm long
NO. 17940 0,50 mm, 71.2 mm long, stainless

Application

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM 380 ensures a high degree of safety from cut injuries. As soon as you have started cutting, take your thumbs off the slider. The blade will immediately retract into the handle the moment it loses contact with the material being cut.

THE PERFECT FIT FOR ALL. DOES THE PERFECT JOB.

SECUNORM 380

- › Blade extension of 7.8 cm
- › Automatic blade retraction
- › Easy blade change
- › Ergonomic handle, featuring soft grip
- › GS-certified for approved safety
